

Greetings from

MID-GULF SHIPPING
Company Inc

Our **“Port Hub Services”** product is tested and proven cost savings alternative very specifically designed for Vessel Owners and Vessel Management Companies.

Our Company and Service is unique in the fact that we provide a wide scope of services integrated into one product, all handled within our company, not sub-contracted.

- Ship Agency Services
- Crew Transportation Services
- Customs House Brokers (Spares Clearances)
- Freight Management Services (Spares Ocean and Air Freight)
- Trucking and Warehousing (In Bond)
- ACE/AMS Electronic Filing Services

Our efficiency and savings to our clients is realized through:

- Combining multiple service requirements into one service (combining spares, mail, crew transports etc)
- Scalable Fee Structures so clients are not over-charged for minimal requirements.
- Volume discounted rates for port services (Launch Costs etc)
- Pre-Positioning of critical spares at our controlled warehouses with 24/7 access
- One pre-designated consignee for earlier spares dispatch at cheaper freight prices.
- One Customs Broker for the USA, allows quicker and cheaper diversion of spares shipments between USA Ports.
- One Invoice for all Services, customizable by department (Technical, Crew, Etc) plus PO and Cost Code options.
- On-Line access to our software to view anytime/live Voyage Cost reporting.
- A trusted ally in the region to assist with emergency/casualty matters at fair costs based on long term relationships.

We provide services to all US Gulf of Mexico ports through two main offices/warehouses located at Houston, Texas and New Orleans, Louisiana (main freight hubs), with satellite/shared asset offices in Corpus Christi, Fourchon, Mobile, and Tampa. Expansion to the East Coast is in progress with staff assigned in Norfolk Virginia.
